

BEWARE of the Hong Kong Police

Controlled by the totalitarian CCP of China, the HK Police are now the Gestapo of the corrupted and partially defunct Hong Kong Government.

They would not hesitate to attempt murder

- firing shots at retreating crowds in close range, kicking people off the escalator
@2019-08-11 midnight, Tai Koo MTR station

They would harass you for your sex appeal

- female citizen walked by a protest zone got harassed by the police (and got arrested)
@2019-08-10 night, Tsim Sha Tsui

They couldn't care less for the environmental / public health consequences of their actions

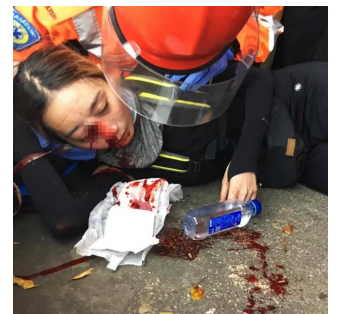

- firing EXPIRED tear gas in enclosed indoor areas / densely populated areas, totaling thousands of rounds so far.
Expired tear gas is more toxic and contains cyanide.
@2019-08-11 night, Kwai Fong MTR station

Worse still, they don't give a damn where you came from

- Filipino Disney worker got arrested simply wearing black t-shirt. He was just going to get some food.
@2019-08-04 11pm, Mong Kok

They can hurt you really bad, whether you are defenseless or not

- brutal apprehension @2019-08-11, Causeway Bay / volunteer girl got shot in the eye @2019-08-11, Tsim Sha Tsui / subdued protester's wrist twisted to 180°
@2019-07-14, Sha Tin

And they are friends of the local mafia (triads)

- having a friendly chat with local thugs / escorting them
@2019-07-21 midnight, Yuen Long

In fact, they won't treat you like human, calling protesters 'cockroaches'

- female protester's pants were taken off for a prolonged period during a arrest, and was being lifted and moved around like an animal in the open. Officers' teasing can be heard

@2019-08-04, Tin Shui Wai

So, who are the real thugs?

And you cannot even begin to identify them, let alone filing a complaint

- covered face, showing no warrant card and no officer number is the NORM

Hong Kong is amid a ever escalating humanitarian crisis.

Citizens have been protesting for 2 months to protect the city's Constitution and freedom, or what's left of it.

The Government responded with violence and suppression, and have refused every single demand made by the people.

Please support us!

And beware of the evil Hong Kong Police!

(Rumor has it that numerous Mainland China's officer, perhaps with military background, has been masquerading as Hong Kong Police officers and are actually walking on the streets of Hong Kong. Regardless, the police force is evil and they have no excuse at all for what they have done)
